## Music Displays

*"Unique Display Ideas for Your Music"*

We design and manufacture music point of purchase displays in vinyl, melamine and high pressure laminates. Other features include:

- custom trim colors
- custom designs in quantity
- three standard colors - Almond, White, Gray
- ready-to-assemble construction or fully assembled
- fully cartoned
- complete manufacturing facilities
- **██████████** a complete store, including the layout, is our specialty.

*For a quote on your displays or additional information, contact:*

## Audio Displays Terms & Conditions

<http://hawkpci.net/wii>  
[wii@hawkpci.net](mailto:wii@hawkpci.net)

### **Terms:**

Payment in full due with order. No C.O.D.s! No credit cards. All checks accepted. No orders will be processed before payment is received. Sales tax on all orders in Texas.

### **Shipping:**

All displays are shipped by common carrier only (ABF Freight System), ready to assemble, boxed, and strapped to pallets which are \$25 each. All shipments are F.O.B. at Woodcraft Industries, Inc., Fort Worth, Texas. Your order is your property when it is placed on the truck and the driver accepts it by signing the Bill of Lading. All freight charges are payable to the carrier upon delivery of your order. Do not pay the freight charges to us. You are responsible for unloading the truck - not the carrier. Inside delivery and notification before delivery is available at extra charge if requested when placing your order. You are responsible for advising us of your receiving hours. Refused shipments may be subject to redelivery charges as determined by the carrier. We will not be responsible for redelivery charges. You will receive a copy of the Bill of Lading that includes the PRO number and Bill of Lading Number, which is the same number as the Sales Order number. To check on your shipment call the carrier and tell them that number. You can find the delivering terminal's telephone number in the business white pages of your telephone book, or click on the ABF link above. Telephone us immediately if you experience any problems with your delivery. Your order is shipped at the most competitive rate that we can negotiate. You may request an estimate of the freight charges when you place your order. We will not guarantee or quote freight charges. Our only responsibility is to place your order on the carrier's truck.

### **Damaged or Missing Parts:**

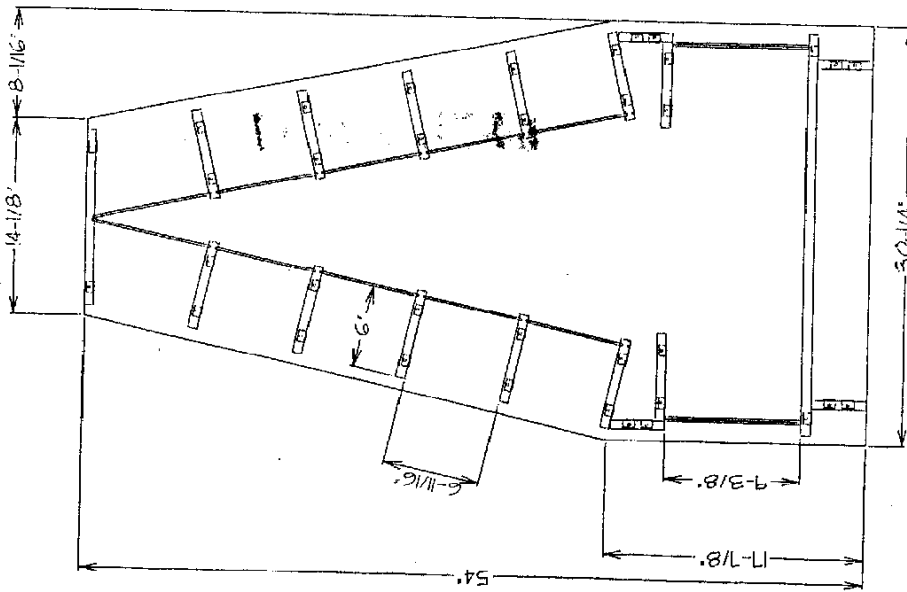

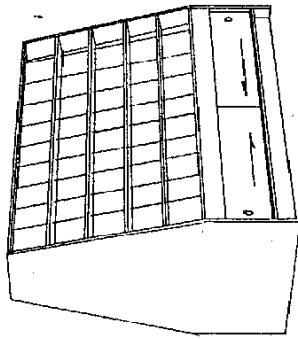

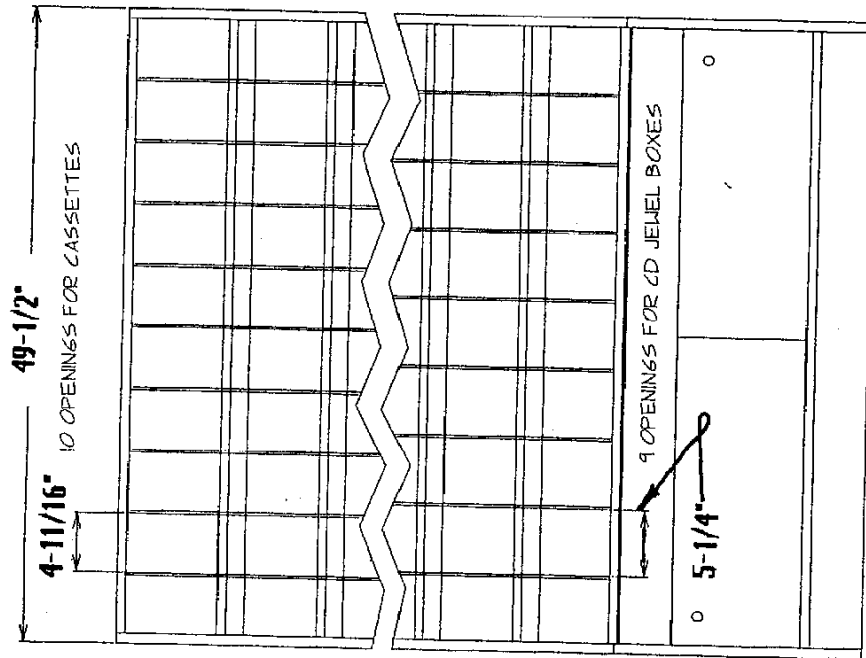

Please inspect your order upon receipt. Note any visible damage on the Freight Bill and ask the driver to initial it. Claims for concealed damage must be made within five days of delivery. Claims will not be accepted after that time. Notify us immediately about missing parts so that we may replace them as soon as possible. Missing or damaged parts will be provided at no charge only for claims made within five days of delivery. Missing or damaged parts are shipped via common carrier or UPS ground. Airfreight may be available at the customer's expense. Our liability for missing or damaged parts is limited to replacing the parts. We will not be responsible for lost wages or revenue, installation charges, or any other charges beyond replacing missing or damaged parts.

### **Lead Time:**

Most orders shipped within ten working days after receipt of payment.

### **Delays:**

We will not be responsible for delays caused by damaged or missing parts, material shortages, machinery breakdowns, fire, storm, strikes, freight delays, or for any other reason beyond our control.
